Branch Local Boards

Subject Letter no 131 dated the 10th November 03 from the President of the Municipal Commission, Bangalore City regarding the purchase of Washington lamps for the Bangalore City.

In letter no 279 dated the 22nd June 03, the President reported that in March last Mr Skipp, Bangalore Sub. agent to the Washington oil lamp Company of Bombay, offered to exhibit as an advertisement two Washington lamps of 500 candle power in the City for three months on payment of to him of Rs 40/- a month for both on condition that if the lights proved satisfactory the Board should purchase

purchase the lamps after three months, that the cost of each lamp with posts amounted to Rs 750/-, and that the light having proved satisfactory, the Board resolved to purchase the two lamps. He further stated that it was subsequently proposed & and agreed to by Mr Childs that instead of two lamps with posts 33 feet high containing in themselves covers to protect oil tanks, he should supply 4 lamps with posts 22 feet high with separate covers. The cost of 4 such lamps amounted to Rs 1640/-. He was also stated that each such lamp was found to displace from 10 & 15 of ordinary lamps in addition to throwing brilliant light to a distance of over

100 yards. The cost of lighting each lamp was also ascertained to be Rs 6/- a month. In such circumstances the President requested sanction for purchasing the 4 lamps, the charge being met from the savings under "VII Lighting charges" in the current year's sanctioned Budget (1902-'03).

2. As the above reference was made to Government just a few days before the close of the official year, the President was requested to report whether the expenditure had been incurred and paid for before the close of the year 1902-'03 and if not, from what source in the Budget for 1903-'04 the charge could be met.

3 In reply, the President stated that disbursement had not been made, but that

if the Govt approved, the same would be done and met out of the savings under "VII Lighting charges" of the Budget for 1902-03 as the accounts for June'03 has not been closed.

4 As that suggestion could not be accepted, the President was requested to point out definite source in the current year's budget for meeting the charge.

5 The President reported that 850 chimneys and 250 burners belonging to a Lighting Contractor had been confiscated for breach of contract, that by them fetched a sum of Rs 612-8-0. and that amount could with the savings under "VII Lighting" could be made available for the Incandescent lamps, and accordingly requested sanction to the proposal.

6 Thereupon, the President was asked to submit a Supplemental Budget showing the increase under receipts and expenditure as also a re-appropriation statement to meet the cost of lamps in question.

7 In compliance therewith, the President has now submitted a Supplemental Budget and a re-appropriation statement. He has also stated that out of the sum of Rs 612-8-0 above referred to Rs 459-6-0 has up to date been recovered and credited to Municipal Funds under the head 41 (h) Lighting Fund' and that the balance will also be credited to Municipal Funds.

D
+No 131 Dy 10th Nov'03

8 It is submitted that as the re-appropriation statement submitted

shows that Rs 1027/- of the charge can be met by a re-appropriation of the sanctioned grants, the balance of Rs 613/- will have to be sanctioned as a Supplemental grant, a corresponding increase being expected on the side of Receipts.

May the supplemental Budget be sanctioned?

S. J. 3/12/03 I think 2 or 3 Suppl grants have already been made to this Dept - Public works.

It is very inconvenient to deal with Supplemental Budgets or grants Every time the President considers it necessary to do so. After the passing of the Current year's Budget, 3 Supplemental grants have already been made during the current year in the Pro: above referred to. This

is the 4th application of the kind & many more are likely to have in in the course of the year if no restriction is placed in the matter of sanctioning supplementary applications for supplemental grants. The President may therefore be asked to send up a supplemental or revised Budget once for all in March or earlier as per standing orders.

SIR,

I have the honor to state that in March last Mr. S. W. lights proved Satisfactory, the Board
should purchase the lamps after
three months. The cost of each with posts
is Rs 750/— The Board agreed to the
above proposal and ordered the two
lamps to be put up - one at the
market Square and another at the
Doddupete Chowk. Owing to the delay
in fitting up a post at the latter place,
only one at market Square was set
up and lit by Mr Skipp. The period
of trial being over and the light having
proved Satisfactory, the Board at
the meeting of the 28th ultimo resolved
to

to purchase the two lamps. A copy of their resolution is herewith Submitted. It has been Since proposed and agreed to by Mr. Skipp that instead of two lamps with posts 33 feet high containing in themselves covers to protect oil tanks, he should now Supply 4 lamps with posts 22 feet high with separate covers. Each Such lamp is valued at Rs 410/-. The total cost of four lamps will come to Rs 1640/- They are intended to be fixed in the following places.

1. In Race Course Road Chowk.
1. At Yelahanka Gate near the Police Station.

1 Doddapete Chowk.

1 In Market Square.

As the present offer of Mr. Skipp is more advantageous to the Board than his previous terms, I beg that Sanction of Government may be kindly obtained for the purchase of these four lamps. Each lamp is found to displace from 10 to 15 of the present ordinary lamps, in addition to its throwing a brilliant light to a distance of over 100 yards all round. The cost of lighting each lamp is ascertained to be Rs 6/- a month. The charge of purchasing the lamps

may

may be met from the Savings under the "VII Lighting Charges" in the current years' Sanctioned Budget.
